The following is an examiner's statement of reasons for allowance:

It is noted that the arguments provided in the amendment dated 9/15/03 regarding the carbon skeleton is not deemed persuasive. It is the examiner's position that Murdie's carbon-carbon composite meets the limitation of a foam skeleton. However, the arguments provided on pp.6-7 of the amendment dated 9/24/03 are deemed persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
